Winter Break Practice Record

As you enjoy the time off from school, don't take a vacation from your instrument! You should be practicing 20-30 minutes/day. Remember, the hardest part of practicing is getting the instrument out of the case! If you are traveling somewhere that you cannot take your instrument, write that on the days instead of minutes practiced. Brass, take your mouthpiece and buzz—it will keep your chops in shape! This practice record is worth one test grade and will not be accepted without a parent signature.

REMEMBER - when you're not practicing, someone else is! ☺

Have a great Winter Break and HAPPY HOLIDAYS!!!
